I hope this At-A-Glance schedule helps you get more out of the USCCA EXPO this year!

I made a schedule just like this for myself last year. It was oh-so-useful for planning my time beforehand and staying on track while there! I wanted to share it this year. It took alot of time to create! I will feel better if more people are benefiting from it!

By the way, if you see me while roaming at the expo, say hi! I'd love to connect in real life :)
